

*We pleased to invite you to*

**DEFIANCE ELECTRIC AND CROSSOVER'S  
JUNE 2007**

**USERS GROUP**

**SPONSORED BY CORNING**

**DATE: THURSDAY, JUNE 28TH, 2007 AT 4:30 PM**

**LOCATION: LEBANON COLLEGE - LEBANON, NH**

Defiance Electric and Crossover are pleased to invite you to our first User's Group of 2007, to be held at Lebanon College in Lebanon, NH on Thursday, June 28th, 2007. We are thrilled with the overwhelmingly positive feedback we have received from the Users Group events in 2006 and we are excited to continue this tradition into 2007.

Please remember that the goal of the User's Group is to provide a venue for our customers to meet their peers in the Upper Valley and allow them to their share ideas, experiences, contacts and expertise with each other. We look forward to and encourage the networking component of this event and are pleased to see all of the positive relationships that have already been formed as a result of the event.

June's event will also feature a presentation by Corning on new applications for fiber optic cable. As a leader in the fiber optic industry, Corning is providing innovative ideas that help customers utilize fiber for projects such as security, wireless networks, data centers, and more; their presentation will discuss creative and cost-efficient ways to utilize fiber optic cable in 2007 and beyond.

All of us at Defiance Electric and Crossover are grateful for your participation. We are amazed by the great connections that have already been made from our first events, and we look forward to seeing you all on June 28th. Please RSVP no later than June 19th.
